Cookie policy

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive. We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.

- **Analytical or performance cookies.** These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Cookie Title	Purpose
Strictly Necessary Cookies	Strictly necessary cookies allow you to use essential features of our site such as enabling you to order takeaway more easily. The essential features of our site require strictly necessary cookies so that we can remember your postcode and what is in your shopping basket whilst you continue to order products from our site and/or navigate to different pages of the site during your browsing session. We are also able to identify you as being logged and to ensure that you are

	able to access the appropriate features on our site.
Performance Cookies	If you choose not to accept these cookies, you will be unable to use our site for ordering takeaway, only for browsing.
	Performance cookies collect information about how you use our site, so that we can improve the quality of our site and service.
	Our performance cookies do not collect any information that could potentially identify you. All information collected is anonymous and is used by us to: • provide statistics on how our site is used; • monitor which website our users arrived from; and • help us improve the site by measuring usage information and any errors which occur during our users browsing experience.
Functionality Cookies	These provide you with improved site functionality by allowing access to additional services or to enhance your future visits to our site.
	Functionality cookies used on our site provide you with improved site functionality whilst you are browsing for example, giving you access to our online help service with our live chat team if you require help and assistance with your takeaway order. These cookies may share information with partners to provide services on our site. The information shared is only to be used to provide the service, product or function and not for any other purpose.
Targeting Cookies	These cookies offer you a customised browsing experience by providing you with interest based services both on this site and on some other websites too.
	Cookies which customise your browsing experience on our site only collect information by reference to the IP address that you are using. Some of these customised

| | browsing experiences may be linked to services provided by third parties which provide these services for recognising that you have visited our site. This information is used to inform you of products and/or services which may be of interest to you or for services provided by our third party partners.

These cookies may also link to social networks such as Facebook or Twitter provide advertising agencies with information on your visit so that they can present you with adverts which may be of interest to you. |

Our privacy policy can provide you with further details about how we use any personal information you give us, although not all information captured by using cookies will identify you.

We are continually striving to develop improved ways of managing your cookie preferences. As new technologies and solutions emerge, this cookies policy may be updated to reflect any such advances in technology and preference management tools.

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our website.
